

## A Pear Tree puzzle

On the seventh day of Christmas,  
my true love sent to me  
Seven swans a-swimming,  
Six geese a-laying,  
Five gold rings,  
Four calling birds,  
Three French hens,  
Two turtle doves,  
And a partridge in a pear tree.

How many presents did I receive on the seventh day of Christmas?

Including the previous six days, how many presents had I now received in total?

Which present had I received most of, and how many of them had I got?
